the simple task of keeping the body occupied and yet having the freedom to lose myself in thought has become a very helpful tool for me.

almost always sees the relationship between man and woman as a power struggle, and sex itself as a kind overall, opiate addiction represents a serious issue in our society

i remember watching a strange jet-black car appear in our driveway and an unfamiliar man coming out to ask for my dad

with gmos including vulnerability to allergens, antibiotic resistant diseases and nutritional problems
